

ESMTB Infoletter

October 2007

www.esmtb.org

Dear colleague

with this ESMTB Infoletter you receive information about conferences, workshops, schools and open positions. Please send relevant information to be included in the next ESMTB infoletter to info@esmtb.org.

Best regards, Andreas Deutsch
Dresden, 11th of October 2007

General Information

Reinhart Heinrich Doctoral Thesis Award

Note the submission deadline Oct. 31, 2007.

ESMTB is proud to announce the Reinhart Heinrich Doctoral Thesis Award which is to be presented annually to the student submitting the best doctoral thesis in any area of Mathematical and Theoretical Biology. For more information please see the PDF below.

http://www.esmtb.org/downloads/RHDT_award.pdf

European Communications in Mathematical and Theoretical Biology (ECMTB) No. 10

The next issue of the Communications will be the tenth (ECMTB#10). Please, take the opportunity and send us contributions for the sections

- PAST ACTIVITIES (reports on conferences, workshops etc. ...)
- NEW BOOKS (including brief reviews)
- RESEARCH GROUPS (presenting the work of local groups or within countries)
- CURRICULA (reports on new courses, educational tools, curricula reorganization ...).

Please direct all information to Prof. Wolfgang Alt (<mailto:wolf.alt@tu-dresden.de>).

Conferences

7th ESMTB Conference

In addition to the "First Announcement" of the Edinburgh Conference ECMTB08 there will soon be a call for Minisymposia. Please, encourage scientists in your field to send proposals or, alternatively, name to Mark Chaplain potential CANDIDATES for organizing MINISYMPOSIA together with possible titles.

Conference on Systems Biology of Mammalian Cells (SBMC) at Dresden, Germany

Date: 2008-05-22 to 2008-05-22

SBMC 2008 will present cuttingedge experimental, theoretical and computational approaches to unravel the design principles underlying a wide range of regulatory processes in mammalian cells, including cell organization, metabolic pathways, genetic and signaling networks, tissue morphogenesis and development, and pathogenetic mechanisms.
