Open Positions

Two three-year post-doc positions on **CULTURAL EVOLUTION AND ADAPTATION** at the University of Bologna, Italy

Date: 2006-12-03 to 2007-01-15

The main goal is to and analyze mathematical

models relevant to the above-mentioned topics, under the supervision of experienced researchers. Applicants are required to hold a PhD and to have a strong interest in two or more of the following fields: anthropology, archaeology, individual and social psychology and behavior, sociology, economics, theoretical biology, mathematics and physics, and related fields. Computer programming and mathematical skills are highly appreciated.

Applications will be evaluated based on their record of research in the above mentioned fields. Position recipients will work at the University of Bologna within a network of research groups at four European universities.

For more information, please send a CV and a letter of interest to me.
